## Local Limousine Service Saves Airport Travelers During Winter Storm

Monday, 26 January 2009

Rare Form Limousine, of Bellevue, WA, served 24-hour chauffeured transportation service to Greater Seattle residents throughout the recent winter storm which covered local roads with snow and ice for more than a week.

The strategic purchase of an SUV in the spring of 2008 by the company turned a chaotic local crisis into an opportunity to meet new clients and gain referrals. The decision to purchase the SUV with 4 wheel drive paid off as record amounts of airport transportation and local transfer inquiries were phoned in to their reservation line the day after the snow started.

“F\*\*k your parliament and your constitution...If your Prime Minister gives me talk about democracy, parliament and constitutions, he, his parliament and his constitution (Greece) may not last very long.”

US President Lyndon Johnson

From treacherous road conditions to full airport daily parking lots, travelers stranded at home or at the airport turned to chauffeured transportation to move them safely around the Puget Sound area during the snow storm. Rare Form Limousine provides an array of chauffeured transportation solutions all year round, and is looking forward to the upcoming wedding and wine country seasons in the spring.
