Local Limousine Startup Featured in National Trade Publication

Sunday, 26 October 2008

Rare Form Limousine , of Bellevue, WA, is featured in the October 2008 "Small Fleet Business" column of [Limousine & Chauffeured Transportation](#) magazine. The full page article, written by Editor Martin Romjue, highlights the cutting edge technology Rare Form Limousine puts to use to create the ultimate chauffeured transportation experience for its clients. From realtime XM Traffic updates to sophisticated audio and video systems, Rare Form Limousine brings its clients a superior level of service.

The article in [Limousine & Chauffeured Transportation](#), captioned "Boomin' Box Limousines," describes the evolution of Rare Form Limousine out of a local nightclub promotion business, Rare Form Productions. Founded in 2006, Rare Form Limousine has now forged relationships with several prominent local wedding coordinators and with Woodinville Wine Country, and is a member in good standing of the Better Business Bureau, National Safety Council, Association of Bridal Consultants, Puget Sound Limousine Association, and National Limousine Association. The local startup is projected to bring in revenues in excess of \$100,000 for 2008.

Rare Form Limousine founder Eli Darland, of Bellevue, WA, has an educational background in Mechanical Engineering and Entrepreneurship and practical experience in client service and vehicle customization. Rare Form Limousine is a synthesis of education and experience, creating a best-in-class service designed to satisfy the most discerning client.
